

SP Nutrition Cortisol VSL v2 (Beer Belly + Wide Hips) - B-Roll Master Plan

Talking-head VSL, ~3:24 total. Character from attached reference. Product never shown, link carries it.

WHAT THIS VSL NEEDS MOST

- 1. Break the animation wall. A face re-anchor is placed at Scene 20 so the human connection is not lost before the payoff.
- 2. Escalate, do not repeat. The fat-storage (belly + hips) and muscle-breakdown shots progress instead of repeating.
- 3. Strong first 3 seconds. The Scene 1 two-shot (expert + overweight man, beer belly and wide hips) is the hook.
- 4. Close on his face. Product mention, offer, CTA, and close stay on camera. Animation explains, the face sells.
- Note: this version targets beer belly and wide hips, which is lower personal-attribute risk than the man-boobs version.

HOW TO USE THIS DOC

- Timecode = where it sits. Cut point = the exact words it plays over. Type = live action / 3D / on camera.
- Search = stock terms to try first. AI prompt = self-contained, paste as-is if you cannot find stock.
- 3D shots are marked 3D ONLY and must be generated, not sourced from live stock.

SHARED 3D STYLE (already baked into each 3D prompt below)

cinematic 3D medical animation, realistic human anatomy, deep navy background, soft cyan rim light with warm amber accents, volumetric lighting, fine floating particles, shallow depth of field, slow smooth camera push, ultra detailed, 4K, 9:16 vertical

3D NEGATIVE PROMPT

cartoon, flat, low poly, garbled text, labels, watermark, logo, cheap, distorted anatomy, extra limbs, glitch, jitter

SHARED LIVE-ACTION STYLE (already baked into each live prompt below)

candid real iPhone footage, natural window light, real skin texture, not retouched, no glossy look, no CGI, 9:16 vertical

LIVE-ACTION NEGATIVE PROMPT

studio lighting, posed stock photo, plastic skin, glossy, AI look, watermark, text, cartoon, beauty filter

MASTER B-ROLL TIMELINE

Sequence follows script v2 top to bottom. ON CAMERA = stay on the character, no b-roll.

Scene 1 | 0:00 - 0:07 | ON CAMERA (hook two-shot)

Cut point: Full hook: 'a beer belly that won't go away...'

Show: Expert + shirtless overweight man side by side. Big round beer belly, wide hips. This is the visual hook.

Scene 2 | 0:07 - 0:13 | LIVE ACTION

Cut point: Over 'hips are wider than they've ever been'

Show: Man's wide hips and love handles, hands resting on hips, or a waistband too tight.

Stock search: overweight man wide hips love handles; man tight waistband belly; middle aged man hips side view

AI prompt (self-contained, paste as-is): Candid real iPhone footage. a middle-aged man standing side-on, wide hips and love handles over a tight waistband, hands resting on his hips, modest bedroom, natural light, real body. Style: candid real iPhone footage, natural window light, real skin texture, not retouched, no glossy look, no CGI, 9:16 vertical

Scene 3 | 0:13 - 0:20 | LIVE ACTION

Cut point: Over 'shirts don't fit the way they used to'

Show: Man buttoning a shirt that strains tight across belly and hips.

Stock search: overweight man tight shirt buttons; shirt too small belly; man struggling to button shirt

AI prompt (self-contained, paste as-is): Candid real iPhone footage. a middle-aged man trying to button a shirt pulling tight across belly and hips, seams straining, bedroom, natural window light, real skin. Style: candid real iPhone footage, natural window light, real skin texture, not retouched, no glossy look, no CGI, 9:16 vertical

Scene 4 | 0:20 - 0:28 | LIVE ACTION

Cut point: Cut in on '\$3,000 on treatments', back on 'causing it'

Show: Pile of supplement bottles and a folded clinic invoice on a table.

Stock search: pile of supplement bottles; medical bill invoice close up; treatment receipt

AI prompt (self-contained, paste as-is): Candid real iPhone footage. a cluttered table with many supplement bottles and a folded medical invoice, natural light, no readable text. Style: candid real iPhone footage, natural window light, real skin texture, not retouched, no glossy look, no CGI, 9:16 vertical

Scene 5 | 0:28 - 0:36 | LIVE ACTION

Cut point: Over 'they blame themselves'

Show: Man discouraged, looking down at his belly and hips in a mirror.

Stock search: man frustrated belly mirror; man self conscious mirror; middle aged man discouraged

AI prompt (self-contained, paste as-is): Candid real iPhone footage. a middle-aged man at a bathroom mirror looking down at his belly and hips, discouraged, soft natural light. Style: candid real iPhone footage, natural window light, real skin texture, not retouched, no glossy look, no CGI, 9:16 vertical

Scene 6 | 0:36 - 0:42 | LIVE ACTION

Cut point: Over 'They cut the beer, they eat less, hit the gym'

Show: Man pushing a beer away, or on a treadmill tired. 'Cut the beer' visual works well here.

Stock search: man pushing beer away; man declining beer; middle aged man treadmill tired

AI prompt (self-contained, paste as-is): Candid real iPhone footage. a middle-aged man sliding a glass of beer away across a table, natural kitchen light, real, candid. Style: candid real iPhone footage, natural window light, real skin texture, not retouched, no glossy look, no CGI, 9:16 vertical

Transition | ~0:42 | 3D ONLY

Cut point: On the beat into Scene 7

Show: Motivated zoom from the whole body into the bloodstream, connects live action to the science block.

Stock search: n/a (generate)

AI prompt (self-contained, paste as-is): 3D medical animation. camera flies from a full male body into the skin and down into the bloodstream, seamless zoom transition. Style: cinematic 3D medical animation, realistic human anatomy, deep navy background, soft cyan rim light with warm amber accents, volumetric lighting, fine floating particles, shallow depth of field, slow smooth camera push, ultra detailed, 4K, 9:16 vertical

Scene 7 | 0:42 - 0:49 | 3D ONLY**Cut point: Cut in on 'stores fat in your belly and hips first'**

Show: Cortisol in the bloodstream, fat cells clustering around the belly and hips (baseline).

Stock search: n/a (generate)

AI prompt (self-contained, paste as-is): 3D medical animation. cortisol hormone molecules in the bloodstream, fat cells accumulating around a semi-transparent male torso belly and hips, slow rotation. Style: cinematic 3D medical animation, realistic human anatomy, deep navy background, soft cyan rim light with warm amber accents, volumetric lighting, fine floating particles, shallow depth of field, slow smooth camera push, ultra detailed, 4K, 9:16 vertical

Scene 8 | 0:49 - 0:56 | 3D ONLY**Cut point: Cut in on 'Muscle breaks down ... hips spread'**

Show: Muscle fibers thinning while the hip and waist area visibly widens.

Stock search: n/a (generate)

AI prompt (self-contained, paste as-is): 3D medical animation. anatomical cutaway, human muscle fibers thinning and fraying while the waist and hip area widens, macro push. Style: cinematic 3D medical animation, realistic human anatomy, deep navy background, soft cyan rim light with warm amber accents, volumetric lighting, fine floating particles, shallow depth of field, slow smooth camera push, ultra detailed, 4K, 9:16 vertical

Scene 9 | 0:56 - 1:02 | 3D ONLY**Cut point: Over 'no diet fixes ... from the inside'**

Show: Man exercising with a translucent internal view of hormones and fat holding around belly and hips.

Stock search: n/a (generate)

AI prompt (self-contained, paste as-is): 3D medical animation. a realistic male figure mid-exercise with a translucent internal view of hormones and fat holding around belly and hips, slow orbit. Style: cinematic 3D medical animation, realistic human anatomy, deep navy background, soft cyan rim light with warm amber accents, volumetric lighting, fine floating particles, shallow depth of field, slow smooth camera push, ultra detailed, 4K, 9:16 vertical

Scene 10 | 1:02 - 1:08 | ON CAMERA (reframe)**Cut point: Full line**

Show: 'That is not age, brother.' Keep on his face, eye contact, no b-roll.

Scene 11 | 1:08 - 1:15 | 3D ONLY**Cut point: Cut in on 'controls where your body stores fat'**

Show: ESCALATION: cortisol signal arrows spreading fat WIDER across belly and hips than Scene 7.

Stock search: n/a (generate)

AI prompt (self-contained, paste as-is): 3D medical animation. 3D medical diagram, cortisol signaling arrows spreading fat across a male belly and hips wider and further than before, clean scientific style. Style: cinematic 3D medical animation, realistic human anatomy, deep navy background, soft cyan rim light with warm amber accents, volumetric lighting, fine floating particles, shallow depth of field, slow smooth camera push, ultra detailed, 4K, 9:16 vertical

Scene 12 | 1:15 - 1:20 | 3D ONLY**Cut point: Over 'how fast your muscle breaks down'**

Show: ESCALATION: muscle almost gone, most fibers dissolved.

Stock search: n/a (generate)

AI prompt (self-contained, paste as-is): 3D medical animation. 3D macro of a muscle bundle nearly gone, most fibers dissolved and collapsed, dramatic breakdown, scientific style. Style: cinematic 3D medical animation, realistic human anatomy, deep navy background, soft cyan rim light with warm amber accents, volumetric lighting, fine floating particles, shallow depth of field, slow smooth camera push, ultra detailed, 4K, 9:16 vertical

Scene 13 | 1:20 - 1:27 | LIVE ACTION**Cut point: Over 'eat right, work out, take care of themselves'**

Show: Man preparing a healthy meal, doing everything right.

Stock search: healthy meal prep man; men exercising montage; man morning routine

AI prompt (self-contained, paste as-is): Candid real iPhone footage. a middle-aged man setting down a plate of healthy food in a real kitchen, morning light. Style: candid real iPhone footage, natural window light, real skin texture, not retouched, no glossy look, no CGI, 9:16 vertical

Scene 14 | 1:27 - 1:33 | LIVE ACTION**Cut point: Over 'belly grow and their hips spread every single year'**

Show: Man frustrated at the mirror, hands on wider hips and belly.

Stock search: man frustrated belly hips mirror; man measuring waist disappointed

AI prompt (self-contained, paste as-is): Candid real iPhone footage. a middle-aged man at a bathroom mirror, hands on his wider hips and belly, discouraged, natural light. Style: candid real iPhone footage, natural window light, real skin texture, not retouched, no glossy look, no CGI, 9:16 vertical

Scene 15 | 1:33 - 1:39 | LIVE ACTION**Cut point: Cut in on 'a natural way to calm cortisol'**

Show: Calm relief, a man waking rested in soft morning light (sells calm cortisol).

Stock search: man waking rested morning light; peaceful morning bedroom

AI prompt (self-contained, paste as-is): Candid real iPhone footage. a calm middle-aged man waking and sitting up rested in soft morning light, real skin. Style: candid real iPhone footage, natural window light, real skin texture, not retouched, no glossy look, no CGI, 9:16 vertical

Scene 16 | 1:39 - 1:45 | LIVE ACTION**Cut point: Over 'start working properly again'**

Show: Continue calm morning, a slow easy exhale, settled.

Stock search: man calm exhale morning; relaxed man window light

AI prompt (self-contained, paste as-is): Candid real iPhone footage. a middle-aged man taking a slow calm breath by a window, morning light, relaxed. Style: candid real iPhone footage, natural window light, real skin texture, not retouched, no glossy look, no CGI, 9:16 vertical

Scene 17 | 1:45 - 1:53 | 3D ONLY**Cut point: Cut in on 'drains your magnesium, burns right through it'**

Show: Glowing magnesium being burned away, glow fading as cortisol crowds in.

Stock search: n/a (generate)

AI prompt (self-contained, paste as-is): 3D medical animation. glowing magnesium molecules inside the body flaring then fading and depleting as cortisol molecules crowd around them, slow push. Style: cinematic 3D medical animation, realistic human anatomy, deep navy background, soft cyan rim light with warm amber accents, volumetric lighting, fine floating particles, shallow depth of field, slow smooth camera push, ultra detailed, 4K, 9:16 vertical

Scene 18 | 1:53 - 2:00 | 3D ONLY**Cut point: Over 'flip the cortisol switch off'**

Show: Magnesium docks a nerve receptor, a cortisol switch flips off.

Stock search: n/a (generate)

AI prompt (self-contained, paste as-is): 3D medical animation. a magnesium molecule docking into a nerve receptor in glowing nervous-system tissue, a cortisol on-off switch flipping off with a soft pulse. Style: cinematic 3D medical animation, realistic human anatomy, deep navy background, soft cyan rim light with warm amber accents, volumetric lighting, fine floating particles, shallow depth of field, slow smooth camera push, ultra detailed, 4K, 9:16 vertical

Scene 19 | 2:00 - 2:06 | 3D ONLY**Cut point: Over 'belly keeps growing, hips keep spreading'**

Show: The self-feeding loop: cortisol to fat gain (belly + hips) and back.

Stock search: n/a (generate)

AI prompt (self-contained, paste as-is): 3D medical animation. a clean circular loop diagram, high cortisol to belly and hip fat gain and back to cortisol, glowing arrows lighting in sequence on navy. Style: cinematic 3D medical animation, realistic human anatomy, deep navy background, soft cyan rim light with warm amber accents, volumetric lighting, fine floating particles, shallow depth of field, slow smooth camera push, ultra detailed, 4K, 9:16 vertical

Scene 20 | 2:06 - 2:11 | ON CAMERA (face re-anchor)**Cut point: Full line: 'The cycle just keeps feeding itself.'**

Show: IMPORTANT: cut back to the expert here to break the animation wall and rebuild trust before the payoff.

Scene 21 | 2:11 - 2:18 | 3D ONLY

Cut point: Over 'magnesium bisglycinate'

Show: A labeled magnesium bisglycinate molecule traveling toward the brain.

Stock search: n/a (generate)

AI prompt (self-contained, paste as-is): 3D medical animation. a magnesium bisglycinate molecule traveling through the bloodstream toward a glowing brain in the distance, slow tracking follow. Style: cinematic 3D medical animation, realistic human anatomy, deep navy background, soft cyan rim light with warm amber accents, volumetric lighting, fine floating particles, shallow depth of field, slow smooth camera push, ultra detailed, 4K, 9:16 vertical

Scene 22 | 2:18 - 2:25 | 3D ONLY (MONEY SHOT)**Cut point: Cut in on 'past the blood brain barrier'**

Show: THE payoff shot: molecule crossing the blood-brain barrier into brain tissue.

Stock search: blood brain barrier animation; molecule crossing blood brain barrier 3D

AI prompt (self-contained, paste as-is): 3D medical animation. a magnesium molecule bonded to two amino acid chains passing cleanly through a translucent blood-brain barrier membrane into glowing brain tissue, soft energy pulse, slow push in. Style: cinematic 3D medical animation, realistic human anatomy, deep navy background, soft cyan rim light with warm amber accents, volumetric lighting, fine floating particles, shallow depth of field, slow smooth camera push, ultra detailed, 4K, 9:16 vertical

Scene 23 | 2:25 - 2:32 | 3D ONLY**Cut point: Cut in on 'bring cortisol back down'**

Show: Brain calms, a cortisol level indicator drops down.

Stock search: n/a (generate)

AI prompt (self-contained, paste as-is): 3D medical animation. a realistic human brain shifting from warm to calm blue with a cortisol level indicator beside it dropping down, slow push in. Style: cinematic 3D medical animation, realistic human anatomy, deep navy background, soft cyan rim light with warm amber accents, volumetric lighting, fine floating particles, shallow depth of field, slow smooth camera push, ultra detailed, 4K, 9:16 vertical

Scene 24 | 2:32 - 2:39 | LIVE ACTION**Cut point: Cut in on 'beer belly started going down, hips slimmed'**

Show: A leaner, comfortable man, flatter belly and slimmer hips. NOT a before-after split (compliance).

Stock search: fit middle aged man confident; man flat stomach casual; relaxed healthy older man

AI prompt (self-contained, paste as-is): Candid real iPhone footage. a comfortable leaner middle-aged man at home standing relaxed, flatter midsection, natural light, real skin. Style: candid real iPhone footage, natural window light, real skin texture, not retouched, no glossy look, no CGI, 9:16 vertical

Scene 25 | 2:39 - 2:45 | LIVE ACTION**Cut point: Over 'fitted shirt for the first time in years'**

Show: Man buttoning a fitted shirt that fits well, quietly satisfied.

Stock search: man fitted shirt confident mirror; man happy shirt fits

AI prompt (self-contained, paste as-is): Candid real iPhone footage. a middle-aged man smoothing down a fitted shirt that fits well, small satisfied nod, mirror, natural light. Style: candid real iPhone footage, natural window light, real skin texture, not retouched, no glossy look, no CGI, 9:16 vertical

Scene 26 | 2:45 - 2:51 | ON CAMERA (product mention)**Cut point: Full line**

Show: 'I recommend SP Nutrition...' Stay on his face. VSL, no product shown.

Scene 27 | 2:51 - 2:56 | LIVE ACTION**Cut point: Cut in on 'Two before bed'**

Show: Quiet nighttime bedroom, a glass of water on the nightstand, low lamp (no product).

Stock search: nightstand water glass night lamp; calm bedroom night

AI prompt (self-contained, paste as-is): Candid real iPhone footage. a dim cozy bedroom at night, a glass of water on a nightstand, warm lamp glow. Style: candid real iPhone footage, natural window light, real skin texture, not retouched, no glossy look, no CGI, 9:16 vertical

Scene 28 | 2:56 - 3:03 | ON CAMERA (offer)**Cut point: Full line**

Show: 'limited offer ... 30 day money back guarantee.' Stay on his face.

Scene 29 | 3:03 - 3:08 | LIVE ACTION

Cut point: Over 'small and they sell out fast'

Show: A nearly empty shelf, one or two jars left (urgency).

Stock search: empty product shelf; last item on shelf; nearly empty shelf

AI prompt (self-contained, paste as-is): Candid real iPhone footage. a nearly empty wooden supplement shelf with one or two jars left, natural light. Style: candid real iPhone footage, natural window light, real skin texture, not retouched, no glossy look, no CGI, 9:16 vertical

Scene 30 | 3:08 - 3:16 | ON CAMERA (CTA)

Cut point: Full line

Show: 'link below...' Stay on his face. Optional small 'link below' arrow graphic only.

Scene 31 | 3:16 - 3:24 | ON CAMERA (close)

Cut point: Full line

Show: 'this is the thing I would reach for first.' Close on his face.

OPTIONAL EXTRA EMOTIONAL B-ROLL (deepen the problem section, 0:07 - 0:42)

- Man keeping his shirt on at a pool, hesitating. Search: man wont take shirt off beach; self conscious man pool.
- Man sliding a beer away / declining a drink. Search: man declining beer; man pushing beer away.
- Man low energy slumped on the couch. Search: tired middle aged man couch low energy.
- Restless tossing in bed at night (ties to cortisol). Search: man restless sleep night; insomnia tossing bed.

COMPLIANCE NOTES (keep the account safe)

- Keep 3D animations generic: no on-screen numbers, no 'clinically proven' text.
- Scenes 24 to 25 proof: use a relaxed real man, NOT a before-after split, to survive Meta and TikTok review.
- Product is never shown on screen (VSL). The link carries product, pricing, and claims.
- Apply the platform AI-content label plus any paid-partnership disclosure before publishing.

SHOT COUNT

Live action b-roll: 11 shots. 3D animation: 12 shots (incl. transition). On camera: 8 scenes.
