

SP Nutrition Cortisol VSL - B-Roll Master Plan

Elderly Asian healer talking-head VSL, ~3:23 total. Product never shown, link carries it.

WHAT THIS VSL NEEDS MOST

- 1. Break the animation wall. Scenes 17 to 23 are a long stretch of 3D. A face re-anchor is placed at Scene 20 so the human connection is not lost before the payoff.
- 2. Escalate, do not repeat. The fat-storage and muscle-breakdown shots now progress (fat spreads wider, muscle nearly gone) instead of showing the same thing twice.
- 3. Strong first 3 seconds. The Scene 1 two-shot (healer + overweight man) is the hook and must land immediately.
- 4. Close on his face. Product mention, offer, CTA, and close stay on the healer. Animation explains, the face sells.

HOW TO USE THIS DOC

- For each b-roll: Timecode = where it sits. Cut point = the exact words it plays over. Type = live action or 3D. Search = stock terms to try first. AI prompt = use only if you cannot find stock.
- Asset order: stock footage first, AI generation second.
- 3D shots are marked 3D ONLY and should be AI-generated (or licensed medical animation), not live stock.

SHARED 3D STYLE (paste at end of every 3D prompt)

cinematic 3D medical animation, realistic human anatomy, deep navy background, soft cyan rim light with warm amber accents, volumetric lighting, fine floating particles, shallow depth of field, slow smooth camera push, ultra detailed, 4K, 9:16 vertical

3D NEGATIVE PROMPT

cartoon, flat, low poly, garbled text, labels, watermark, logo, cheap, distorted anatomy, extra limbs, glitch, jitter

SHARED LIVE-ACTION STYLE

candid real iPhone footage, natural window light, real skin texture, not retouched, no glossy look, no CGI, 9:16 vertical

LIVE-ACTION NEGATIVE PROMPT

studio lighting, posed stock photo, plastic skin, glossy, AI look, watermark, text, cartoon, beauty filter

MASTER B-ROLL TIMELINE

Sequence follows the script top to bottom. ON CAMERA = stay on the healer, no b-roll.

Scene 1 | 0:00 - 0:07 | ON CAMERA (hook two-shot)

Cut point: Full hook line

Show: Healer + shirtless overweight man side by side in the clinic. This is the visual hook, not an overlay.

Scene 2 | 0:07 - 0:13 | LIVE ACTION

Cut point: Over full line: 'If your shirts don't fit...'

Show: Middle-aged man buttoning a dress shirt that strains tight across chest and belly.

Stock search: overweight man tight shirt buttons; shirt too small belly; man struggling to button shirt

AI prompt: Candid iPhone clip, a middle-aged man in a bedroom trying to button a dress shirt pulling tight across chest and belly, seams straining, natural window light, real skin

Scene 3 | 0:13 - 0:20 | LIVE ACTION

Cut point: Over full line: 'push ups and hitting the gym...'

Show: Overweight man does one push-up then sits back winded.

Stock search: overweight man doing pushups home; tired man workout floor; man exhausted after exercise

AI prompt: Candid iPhone clip, an overweight middle-aged man on a mat doing a push-up then sitting back tired, modest home, natural light, real body

Scene 4 | 0:20 - 0:28 | LIVE ACTION

Cut point: Cut in on '\$3,000 on treatments', back on 'causing it'

Show: Pile of supplement bottles and a folded clinic invoice on a table.

Stock search: pile of supplement bottles; medical bill invoice close up; treatment receipt

AI prompt: Candid iPhone clip, a cluttered table with many supplement bottles and a folded medical invoice, natural light, no readable text

Scene 5 | 0:28 - 0:36 | LIVE ACTION

Cut point: Over 'they blame themselves'

Show: Man sitting on the edge of the bed, head down, discouraged (shame beat).

Stock search: middle aged man discouraged bedroom; man self conscious mirror; man head down sad

AI prompt: Candid iPhone clip, a middle-aged man sitting on the edge of a bed looking down, low energy, soft natural light

Scene 6 | 0:36 - 0:41 | LIVE ACTION

Show: Man exercising with a translucent internal view of hormones and fat working against him.

Stock search: n/a (generate)

AI prompt: a realistic male figure mid-exercise with a translucent internal view of hormones and fat holding around the midsection, slow orbit

Scene 10 | 1:02 - 1:08 | ON CAMERA (reframe)

Cut point: Full line

Show: 'That is not age, brother.' Keep on his face, eye contact, no b-roll.

Scene 11 | 1:08 - 1:15 | 3D ONLY

Cut point: Cut in on 'controls where your body stores fat'

Show: ESCALATION: cortisol signal arrows spreading fat WIDER across the torso than Scene 7.

Stock search: n/a (generate)

AI prompt: 3D medical diagram, cortisol hormone signaling arrows spreading fat across a male torso wider and further than before, clean scientific style

Scene 12 | 1:15 - 1:20 | 3D ONLY

Cut point: Over full line: 'how fast your muscle breaks down'

Show: ESCALATION: muscle now almost gone, most fibers dissolved (payoff of the breakdown).

Stock search: n/a (generate)

AI prompt: 3D macro of a muscle bundle nearly gone, most fibers dissolved and collapsed, dramatic breakdown, scientific style

Scene 13 | 1:20 - 1:26 | LIVE ACTION

Cut point: Over 'work out, eat right, take care of themselves'

Show: Man preparing a healthy meal, doing everything right.

Stock search: healthy meal prep man; men exercising montage; man morning routine

AI prompt: Candid iPhone clip, a middle-aged man setting down a plate of healthy food in a real kitchen, morning light

COMPLIANCE NOTES (keep the account safe)

- Keep 3D animations generic: no on-screen numbers, no 'clinically proven' text.
- Scenes 24 to 25 proof: use a relaxed real man, NOT a before-after split, to survive Meta and TikTok review.
- Product is never shown on screen (VSL). The link carries product, pricing, and claims.
- Apply the platform AI-content label plus any paid-partnership disclosure before publishing.
